COLLECTIONS
Vol. 1

1735

Il marchese Carlo Ginori, mosso dall'interesse per l'avvento della neonata produzione occidentale dell'Oro Bianco, nel 1735 fonda la sua pionieristica impresa di porcellane nella località di Doccia a Sesto Fiorentino, vicino a Firenze. La Manifattura di Doccia, come fino ad allora era conosciuta, resta in questa località fino al 1955.

In 1735, the Marquis Carlo Ginori, driven by an interest in the advent of European production of 'White Gold' as porcelain was known at the time, founds his porcelain manufacture in the town of Doccia in Sesto Fiorentino, near Florence in Tuscany. The Manufacture of Doccia, as it was originally known, remains on this site until 1955.

1779

Inizia la tradizione di forme e decori storici che si sposano con eleganti centritavola destinati a imbandire i ricchi banchetti delle più rinomate dimore signorili del tempo, dai palazzi alle ville. Nasce il motivo “a stoa” ancora oggi un “must have” della collezione. Nei primi decenni dell'Ottocento le nuove sperimentazioni tecnologiche e l'impiego dell'oro affinano soluzioni decorative in linea con la ricerca del lusso tipica del gusto dell'epoca.

An era that gives birth to some of Richard Ginori's best known forms and decorations. Combined with elegant centrepieces, they dress many a famous banquet in important palazzos and villas. The woven pattern is introduced, still a must have in the collection today. The dawn of the nineteenth century brings with it new technologies and gold decorative solutions to fuel the taste for luxury.

1850

La stagione delle Esposizioni Internazionali e l'avvento del gusto naturalistico offrono alla Manifattura l'occasione di aprirsi al Romanticismo. Preziosi insetti immersi tra elementi floreali animano i servizi da tavola, nel frattempo lo scultore accademico Urbano Lucchesi importa in Manifattura temi tratti dalla letteratura teatrale e dalla pittura macchiaiola.

The arrival of the international expositions and the fashion for naturalistic taste offers the Manufacture the opportunity to open up to Romanticism. Precious insects nestling among floral elements animate tableware, meanwhile the academic sculptor Urbano Lucchesi brings themes of theatrical literature, fantasy objects and the Macchiaioli school of painting into the Manufacture.

1896

Viene fondata la Società Ceramica Richard Ginori: si assiste ad una conseguente espansione dell'attività manifatturiera artistica ed industriale che porta al conseguimento di due innovativi brevetti: Pirofila (1897-1898 circa) e Porcellana Euclide (1940 circa) pensata espressamente per i laboratori chimici.

Known now as the Manufacture Richard Ginori, a major expansion in artistic and industrial manufacturing activities lead to the successful development of two innovative patents: the oven-proof Pirofilia,(about 1897-1898) and developed expressly for scientific laboratories, Euclide porcelain (around 1940).

1923

La direzione artistica viene affidata a Gio Ponti il quale introduce un forte rinnovamento: la Manifattura si affaccia sullo scenario europeo con nuove soluzioni decorative, in linea con gli stili artistici dell'epoca.

The architect and designer Gio Ponti is appointed as art director, and the Manufacture brings to the European scene new decorative designs in line with the styles of the era.

1954

Richard Ginori interpreta le esigenze di funzionalità del vivere quotidiano. Sotto la direzione artistica di Giovanni Gariboldi viene realizzato il servizio Colonna: design essenziale e forme impilabili.

Richard Ginori interprets the new functionality of the everyday life style. Colonna, with its stackable and essential design is introduced under the artistic direction of Giovanni Gariboldi.

1985

Attenta alle variazioni del gusto e dei nuovi stili di vita, la Manifattura si rinnova affidandosi all'esperienza dei più grandi designers italiani del momento: Franco Albini, Franca Helg, Antonio Piva, Sergio Asti, Achille Castiglioni, Gabriele Devecchi, Candido Fior, Gianfranco Frattini, Angelo Mangiarotti, Enzo Mari e Aldo Rossi.

As tastes and lifestyles evolve, the Manufacture turns to the creative talents of the great Italian architects and designers of the time: Franco Albini, Franca Helg & Antonio Piva, Sergio Asti, Achille Castiglioni, Gabriele Devecchi, Candido Fior, Gianfranco Frattini, Angelo Mangiarotti, Enzo Mari and Aldo Rossi

2013

E' l'era della rinascita: la Manifattura Ginori viene acquisita dalla maison fiorentina Gucci e la direzione artistica affidata ad Alessandro Michele.

The renaissance of the Manufacture Richard Ginori begins. The Manufacture is acquired by the florentine maison Gucci and Alessandro Michele is appointed artistic director.

Contemporanea. Dinamica la linea della forma Diagono è raffinato gusto dell'essenziale, del bello. Originale il gioco delle linee più rigorose dei piatti, con la delicatezza curvilinea delle tazze, e del piatto fondo. Perfetto per una mise en place creativa e sperimentale. Modernity. With dynamic line of its shape, Diagono represents the refined taste of the essential and the beautiful. The effect created by the clash between the rigorous lines of the plates and the curvilinear softness of the cups and the bowl is original indeed. Perfect for experimental and creative cuisine. The milk jug and coffee pot are original and eccentric. The collection, which expresses Richard Ginori's savoir-faire and craftsmanship, is available in a complete assortment of tableware, tea and coffee settings.

La forma inedita attinge al design storico Richard Ginori e si fonde con elementi di un celebre progetto di Giovanni Gariboldi, già allievo di Gio Ponti al Centro Design Richard Ginori di Milano. Uno studio datato anni Settanta, coerente con l'ideale dell'epoca di trasferire nell'oggetto di lusso lo stile "moderno" di allora. L'essenziale rotondità della linea, quasi a mongolfiera accomuna ogni elemento e risalta soprattutto nell'elegante teiera e nella zuppiera. Sottili e sinuosi i manici curvilinei sottolineano il design equilibrato dei completi te' e caffè. In porcellana finissima è disponibile in assortimento completo tavola, tè e caffè.

The original shape takes its inspiration from the Richard Ginori design legacy and is melded with elements of a famous project by Giovanni Gariboldi, at the time a pupil of Gio Ponti at the Richard Ginori Design Centre in Milan. A study that dates to the 1970's, consistent with the approach at that time of giving luxury object a "modern" (as it was then) style. The basic roundness of the lines, akin to those of a hot-air balloon, is a feature common to every element and is noticeable most of all in the elegant teapot and soup tureen. Thin and winding, the curved handles underline the balanced design of the tea and coffee services. In very fine porcelain is available in a complete assortment of tableware, tea and coffee settings.

Il rigore e la pulizia delle linee seducono nella collezione Aurea, dove la perizia dei maestri della Manifattura Richard Ginori esprime la massima competenza rileggendo uno tra i più emblematici decori ideati del genio creativo di Gio Ponti.

La collezione Aurea si ispira ai disegni prospettici e si esprime con l'alternarsi dei motivi geometrici e l'esplosione dei colori a divenire una riscrittura pop. La collezione Aurea è proposta in diverso forme tra le quali: Impero, Venezia e Diagono. Interamente decorata a mano la collezione Aurea si caratterizza per il colore indaco interrotto da accenti di arancio e tratti bianco e neri.

Spellbinding rigour and clean lines captivate the Aurea collection, where the expertise of the master craftsmen at the Richard Ginori Manufacture is exercised with remarkable skill through the reinterpretation of one of the most emblematic decorations ever designed by the creative genius that was Gio Ponti. Aurea collection derives inspiration from perspective drawings, inspiration which is expressed in the alternating geometric patterns and in the explosion of colour that provides a pop culture twist on a design classic. Aurea collection comes in various different shapes, including Impero, Venezia, and Diagono. Decorated entirely by hand, the Aurea collection is indigo in colour with accents of orange and strokes in black and white.

Richard Ginori re-interpreta la mise en place ideale, rendendola contemporanea e virtuosa. La collezione Babele è proposta in un assortimento di porcellane realizzate in 4 forme diverse; le iconiche Antico Doccia e Museo, l'elegante Duchessa e la forma Venezia ispirata a disegni di Gariboldi. Le tecniche usate per la decorazione di questi oggetti dal gusto irresistibile, richiama le più antiche tecniche artigianali simbolo della tradizione firmata Richard Ginori. Il decoro di ogni oggetto riproduce l'effetto della florigatura delle decorazioni realizzate in sottosmalto, rievocando le decorazioni settecentesche seriali create mediante l'utilizzo della tecnica a stencil.

Richard Ginori reinterprets the perfect mise en place in a contemporary and virtuous way. The Babele collection is presented in a selection of porcelains offered in 4 different shapes; the iconic Antico Doccia and Museo, the elegant Duchessa and the Venezia, inspired by Gariboldi's designs. The decorative methods used for the embellishment of these objects of irresistible taste recall the most ancient craftsmanship techniques, emblem of Richard Ginori's tradition. The design of each object recreates the "florigatura" effect of the underglazed embellishments; evoking XVIII century serial decorations obtained by using the stencil technique.

Contemporanea. Essenziale. Emblema di una geometria moderna, il decoro dà origine a catene intrecciate che delineano la cornice grafica della Collezione Catene. Ispirata al genio creativo di Gio Ponti e ai suoi disegni del '26 ideati per complementi di arredo in fine porcellana, la Collezione Catene è tratteggiata ed esaltata dalla purezza della forma Impero, espressione di estetica sofisticata. La collezione è realizzata in assortimento completo tavola, tè e caffè.

Sleek and contemporary: this pattern, the emblem of modern geometric lines, is composed of interwoven chains that shape the graphic frame of the Catene Collection. Inspired by the creative genius of Gio Ponti and his drawings from 1926 for furnishing complements in fine china, the Catena Collection is delineated and highlighted by the purity of the Impero shape, expressing sophisticated aesthetics. The collection comes in a complete array of tableware as well as tea and coffee settings.

Una storia del saper fare per la Collezione Contessa dove la straordinaria decorazione è affidata alla tecnica e alla precisione dell'aerografo. Il colore ferma l'istante sul bianco della forma Impero imprimendo un carattere di straordinaria bellezza. L'espressione della tecnica artigianale si fonde alla maestria nella decorazione con aerografo. La straordinarietà del processo "dilaccatura", una decorazione al negativo, dove il colore in eccesso viene rimosso con la stessa assoluta precisione di una pittura a mano per dar spazio alla filettatura in oro zecchino, platino o alla purezza del bianco Richard Ginori. Nero, giallo, verde e azzurro i toni che sottolineano i pezzi della Collezione Contessa. La collezione prevede un completo assortimento tavola, tè e caffè.

The Contessa Collection reflects a history of insightful craftsmanship, where the exceptional pattern is entrusted to the precision of the airbrush technique. Colour is instantly captured on the white Impero shape, imparting exceptional beauty. The expression of this craftsmanship technique merges with the artistry of the airbrush motifs. We find the extraordinary 'delaquering' process, in which a pattern is created in negative and the excess colour is removed with the same incredible precision as hand painting, making room for trim in fine gold, platinum or the purity of Richard Ginori white. A palette of black, yellow, green and blue underscores the pieces from the Contessa Collection. The collection features a complete array of tableware as well as tea and coffee sets.

Richard Ginori celebra l'infanzia creando una collezione di porcellane che racchiude in sé la sintesi perfetta tra il mondo dei più piccoli e lo stile tipico della Maison. Il particolare stile d'antan di questi oggetti è stato declinato nei colori del celeste e del rosa, nuance simbolo del mondo dell'infanzia. Le porcellane della collezione Cucù presentano tutte la particolarità di avere bordi, dettagli e decori ispirati alle trine e ai classici quadretti di grembiuli e bavaglini. Le decorazioni protagoniste della collezione Cucù sono una serie di illustrazioni disegnate a mano con inchiostro di china, che successivamente vengono traslate sulla porcellana mediante elaborati processi che rendono questi disegni delle vere e proprie serigrafie. Il set Cucù è composto da un piattino, una coppetta e una tazza con piatto. Il packaging, creato esclusivamente per questa collezione, richiama il mondo onirico e fantastico delle decorazioni delle porcellane.

Richard Ginori celebrates childhood creating a porcelain collection that cherishes the ultimate synthesis between the universe of the little ones and the signature style of the House. These objects feature a particular taste of yesteryear offered in the shades of sky-blue and pink; symbolic colors of the childrens' world. The porcelains from the Cucù collection all feature edges, details and decorations inspired by lace and the classic check pattern of smock and bibs. The decorations gracing the Cucù collection are regular and Indian ink hand-drawn illustrations that are subsequently transferred on porcelain through elaborate processes that transform these drawings into real screen prints. The Cucù set comprises a saucer, a bowl and a cup & saucer. The exclusive packaging, specifically created for the collection, recalls the dream and fantasy world of porcelain décor, highlighting the unique refinement of the Cucù collection.

Una decorazione preziosa, simbolo di eterna attrazione tra Oriente e Occidente, per la Collezione Galli che rievoca uno dei decori iconici della Manifattura Richard Ginori. Nata dai celebri tratteggi del pittore Ferdinando Campostrini, artista nel 1740 per la Manifattura di Doccia, la decorazione rivive nei toni del blu cobalto, arricchito dal rosso porpora e dal platino stesi soprasmalto. Nella Collezione i galli Ji Ondori, oltre a rappresentare un elemento distintivo, nella cultura orientale, associati alle cinque virtù per il portamento fiero e combattivo, hanno lo scopo di tenere lontani i demoni. La Collezione Galli, sull'elegante forma Vecchio Ginori, prevede un assortimento completo tavola, tè e caffè.

A precious motif, the symbol of the eternal attraction between East and West, distinguishes the Galli Collection, evoking one of Richard Ginori's most iconic patterns. Inspired by the celebrated brushwork of the painter Ferdinando Campostrini, an artist at the Doccia manufactory in 1740, the pattern has been revived in shades of cobalt, enriched by crimson and platinum applied over the glaze. The Ji Ondori roosters are a distinctive element in this collection, and in the Oriental culture, associated with the five virtues for a proud and combative conduct, they help keep demons away. The Galli Collection, on the elegant Vecchio Ginori shape, features a complete array of tableware, as well as tea and coffee sets.

Ideata per le occasioni speciali Grande Galerie è la nuova collezione Richard Ginori che si rivela nella forma Impero, forma iconica, segno distintivo della Manifattura e manifesto di rigore e bellezza, in uso dal 1790. Al bianco della porcellana pura si accosta un decoro prezioso composto da motivi floreali sottolineati da un profilo in oro zecchino incorniciati dal rosso brillante. I diversi decori delle bordature firmano i 32 pezzi che compongono la collezione Grande Galerie composta da piatti, teiere, vassoi, mug, coppe e alzate. La preziosità del decoro, interamente realizzata a mano, rende Grande Galerie una collezione esclusiva ideale per vestire la tavola con eleganza, senza tralasciare l'equilibrio sofisticato espresso nelle proposte Richard Ginori.

Designed for special occasions, the new Grande Galerie collection from Richard Ginori takes the Impero shape, an iconic style symbolising rigour and beauty that is distinctive of the Manufacture and has been in use since 1790. The whiteness of the natural porcelain is juxtaposed with a delicate decoration made up of floral motifs outlined in pure gold and framed in brilliant red. The various different decorative borders embellish every item in the 32-piece Grande Galerie collection, which comprises plates, teapots, trays, mugs, cups and cake stands. The exquisiteness of the decoration – applied entirely by hand – makes the exclusive Grande Galerie collection perfect for dressing a table elegantly without forgoing the sophisticated balance expressed in the Richard Ginori pieces.

Mentre la Manifattura si ispirava ai fiori secondo la maniera europea nel decoro "La Primavera", nel 1750, seguendo il gusto delle nobildonne fiorentine per il découpage di fiori ispirati alle decorazioni dei Kimono Imperiali giapponesi e cinesi, creava questa meravigliosa decorazione chiamata per l'appunto "alla Coreana". Protagonista assoluta è la peonia (Mudan), un fiore simbolo che nell'iconografia asiatica rappresenta il mese di Marzo e quindi la primavera nonché l'amore, la bellezza femminile, la buona salute, l'onore e la felicità. Perfetto per completare un lifestyle zen ma anche per dare un tocco esotico al design più minimale. Espressione del savoir faire e dell'artigianalità Richard Ginori, è disponibile in assortimento completo tavola, tè e caffè.

While the Manufacture was inspired by the flowers according to the European way featuring "La Primavera", in 1750, according to the taste of the Florentine noblewomen for découpage flowers inspired by the decorations of the Imperial Japanese Kimono and Chinese, created this wonderful decoration called precisely "to Korean". The absolute main character is the peony (Mudan), a symbolic flower that in Asian iconography represents the month of March and therefore spring as well as love, feminine beauty, good health, honor and happiness. It is perfect to complete a Zen lifestyle but also to give an exotic touch to the most minimal of designs. The collection, which expresses Richard Ginori's savoir-faire and craftsmanship, is available in a complete assortment of tableware, tea and coffee settings.

Oltre la classicità. Questo decoro rappresenta un motivo chiave della tradizione Richard Ginori, espressione di design assoluto, Italian Fruit è riconoscibile con lo stesso piacere con cui, in una galleria d'arte, si riconosce l'artista al primo sguardo. Se ci sono frutti e fiori sparsi deve essere, non ci sono alternative, un Richard Ginori. Inventato dai pittori della fabbrica di Doccia intorno al 1770, il motivo racchiude in sé la solarità dei campi estivi e la precisione assoluta delle pennellate d'autore.

Besides to being classical, this pattern represents a key motif of the Richard Ginori tradition, expression of absolute design. Italian Fruit can be recognized with the same pleasure with which, in an art gallery, one recognizes the artist at first sight. If there are scattered flowers and fruits it must be, there are no alternatives, a Richard Ginori piece. Invented by the painters of the Doccia factory around 1770s, the motif envelopes the sunlight of summer fields and the absolute precision of the painter's brushstrokes.

Fragoline e coccinelle vermicchie e piccoli pois punteggiano la preziosa porcellana Richard Ginori della collezione Italian Pois. La collezione è principalmente proposta sulla forma Antico Doccia e su forme iconiche della Manifattura, come Vecchio Ginori e Murat. Dedicata a chi ama vestire la propria tavola con un tocco di semplice romanticismo, la collezione Italian Pois si contraddistingue per la sua delicata raffinatezza. Un deciso tratto nero profila e arricchisce ogni pezzo della Collezione conferendogli una naturale eleganza. La collezione, rigorosamente decorata a mano, è realizzata in assortimento tavola, tè e caffè completo ed è arricchita da accessori e complementi, come la mug e la burriera.

Wild strawberries, vermillion ladybirds and small polka dots embellish exquisite Richard Ginori porcelain for the Italian Pois collection. The new design is hand decorated on the iconic Antico Doccia, Vecchio Ginori and Murat shapes whose elegant profiles are accentuated by black edging. The Italian Pois collection stands out for its refined sophistication, and creates a delicately romantic setting. Entirely hand decorated, the collection is available in a complete assortment of tableware, tea and coffee settings and complemented with matching accessories and serving pieces, such as coffee mugs and a butter dish.

Rigorosa. Razionale. Un percorso logico di linee evoca l'immagine di un labirinto e crea una cornice grafica che distingue la Collezione Labirinto. Perfetta sintesi tra antica cultura e design moderno di cui Gio Ponti fu uno dei massimi esponenti, la Collezione si ispira al decoro ideato dal maestro nel 1926. La forma Impero con le sue sagome cilindriche richiama gli analoghi modelli del tardo settecento, improntati alle linee dell'eleganza neoclassica, ed esalta lo stile e il rigore della Collezione Labirinto. La collezione prevede un completo assortimento tavola, tè e caffè.

Sleek and rational: a logical path of lines evokes the image of a maze and creates a graphic frame that distinguishes the Labirinto Collection. The perfect convergence between ancient culture and the modern design of which Gio Ponti was one of the leading representatives, the collection was inspired by the pattern created by the master in 1926. The Impero shape, with its cylindrical outlines, evokes similar models from the late eighteenth century, imprinted by the lines of Neoclassical elegance, and it enhances the style and simplicity of the Labirinto Collection. The collection features a complete array of tableware as well as tea and coffee sets.

Esuperante. Esotica. Ammaliante. Un fiore stilizzato, conosciuto nella tradizione delle ceramiche fiorentine come motivo del "garofano" e reinterpretato da Gio Ponti nel 1946, evoca nella Collezione Orienti Italiano suggestioni di memorie lontane. La leggiadria dei toni diafani di alba e tramonti scivola sulla porcellana come una sinfonia musicale. È lo scenario della Collezione Orienti Italiano sulla forma Antico Doccia dove aerografo e fantasia del colore creano un meraviglioso intreccio decorativo. Blu su fondo azzurro, giallo, verde o rosa, nero su fondo ghiaccio o verde, bordeaux su fondo rosa, bianco su fondo celeste e rosa su fondo sfumato del rosa chiaro sono i colori che si fondono dando vita a composizioni ricche di equilibrio. La collezione è realizzata in assortimento completo tavola, tè e caffè.

Exuberant, exotic, enticing. A stylized flower, known as the "garofano" – carnation – in the tradition of Florentine ceramics and reinterpreted by Gio Ponti in 1946, evokes distant memories in the Orienti Italiano Collection. The graceful, delicate hues of dawn and dusk glisten on porcelain like a symphony. This is the scenario of the Orienti Italiano Collection on the Antico Doccia shape, where the airbrush technique and the inventiveness of colour converge to create a magnificent pattern. A beautiful palette creates richly balanced compositions: blue on a background of light blue, yellow, green or pink; black against ice or green; burgundy on pink; white on light blue; and rose on light pink. The collection comes in a complete array of tableware as well as tea and coffee sets.

I motivi della palmetta - in greco "anthemion" - diminutivo di fiore, plasmano l'elemento decorativo della Collezione Palmette. Con uno stile sobrio e contemporaneo, il motivo decorativo a ventaglio ridisegna la foglia di palma, elemento ornamentale nell'arte greco-romana. La Collezione Palmette è interpretata sulla forma Impero con un sottile e raffinato effetto caleidoscopico. La filettatura in oro zecchino conferisce preziosità alla decorazione "a palmetta" ed esalta la linea essenziale e sofisticata della forma Impero, espressione di equilibrio e misura. Nero e platino, giallo e oro, verde e oro, azzurro e oro i colori della Collezione Palmette che sottolineano lo stile e il segno indelebile di tecniche artistiche e artigianali. Palmette prevede un assortimento completo tavola, tè e caffè.

The palmette motif "anthemion" in Greek, a diminutive of flower - represents the decorative element of the Palmette Collection. With a sleek and contemporary style, the decorative fan-like motif redesigns the palm leaf, an ornamental element used widely in Greek and Roman art. The Palmette Collection is interpreted on the Impero shape, with a subtle and refined kaleidoscopic effect. The trim in pure gold lends a precious touch to the palmette decoration and enhances the simple and sophisticated lines of the Impero shape, the expression of balance and measure. The colours of the Palmette Collection - black and platinum, yellow and gold, green and gold, and light blue and gold - highlight the style and unmistakable aura of artistic techniques and craftsmanship. The Palmette Collection features a complete array of tableware, as well as tea and coffee sets.

Traendo ispirazione dai tralci di rosa di Arthur Sanderson, della seconda metà del '800, nasce nel 1975 Rose Blu sottosmalto. Contraddistinto da rose e piccoli fiori alternati a sottili tralci, questo decoro sintetizza il piacere della semplicità a tavola. Rose Blu è realizzato, secondo la tecnica sotto smalto, in blu di cobalto, uno dei pochissimi colori può essere applicato sotto la vernice poiché resiste ai 1400 °C. Ideale per la quotidianità, regala un'allure country chic a qualsiasi occasione.

Inspired by the pink vine branches of Arthur Sanderson of 1850th century, the pattern Rose Blu under glazing was born in 1975. Characterized by a mix of small roses, flowers and fine branches, this pattern summarized the pleasure to enjoy a simple but elegant table. Rose Blu is realized following the under glaze technique: indeed the blue Cobalto is one of the few color able to be applied under paint standing the temperature of 1400 °C. Perfect for daily use it enriches the table and the ambient giving a country chic allure to every occasion and table.

La solarità dei campi estivi e la precisione dei dipinti d'autore racchiusa in una collezione: Val d'Orcia. Con un decoro interpretato da frutti e fiori, un motivo chiave della tradizione Richard Ginori, la Collezione Val d'Orcia si plasma sulla forma Vecchio Ginori, una forma riconoscibile con lo stesso piacere con cui, in una galleria d'arte, si riconosce l'artista al primo sguardo. Un minuzioso decoro, un racconto naïf, poetico, quasi fiabesco riscritto da Richard Ginori con la Collezione Val d'Orcia. Val d'Orcia prevede un assortimento completo tavola, tè e caffè.

The sunshine of summer fields and the detailing of painted masterpieces come together in a single collection: Val d'Orcia. With a pattern of fruit and flowers – a leitmotif in the Richard Ginori tradition – the Val d'Orcia Collection adorns the recognizable Vecchio Ginori shape, for a sensation akin to the joy of being at an art gallery and instantly recognizing the artist. Detailed patterns, a naïf and poetic fairy tale rewritten by Richard Ginori: this is the Val d'Orcia Collection. The Val d'Orcia Collection features a complete array of tableware as well as tea and coffee sets.

Pura bellezza e fascino naturale per Volière, la nuova collezione Richard Ginori sintesi di maestria artigianale e patrimonio artistico della Manifattura. La collezione Volière si rivela nella forma Impero, segno distintivo della Manifattura e manifesto di rigore e bellezza. Un decoro prezioso, ispirato a disegni contenuti in ricercate pubblicazioni ottocentesche sulla botanica, riproduce dodici diversi soggetti grafici. I soggetti ritratti sono immagini di colibrì e altri uccelli su festoni incorniciati da motivi floreali delicatamente sottolineati da un profilo in oro zecchino, seguendo una speciale "ricetta" Richard Ginori. Ogni soggetto è stato scomposto nei tratti e nelle cromie in modo da realizzare una tavola colore in grado di riprodurre ogni tonalità, ogni dettaglio, ogni segno colore con un percorso cromatico di oltre cinquanta varianti colore. Il decoro in sovrasmalto, realizzato attraverso un particolare processo di cottura, protegge la brillantezza dei pigmenti impiegati.

Pure beauty and natural charm characterize Volière, the new Richard Ginori collection that epitomizes the masterful craftsmanship and artistic heritage of the Manufacture. The collection's designs, featured on the signature Impero shape, are inspired by XIX century botany illustrations on botany, skillfully reproducing twelve graphic depictions of various species of birds perched on intricate festoons. The images are framed by floral motifs delicately highlighted by Richard Ginori's specially formulated pure gold edging. Each figure is split up into different elements and colors, reproducing every hue, detail and colorful marking with a palette of more than fifty shades. The over glaze, applied using a special firing process, protects the pigments' sheen.

Pura. Espressione di nobile bellezza. La Collezione Zucca nella sua essenzialità concentra il suo charme nella scelta monocromatica: bianco assoluto. La forma Vecchio Ginori, il segno distintivo Richard Ginori, riprende il motivo a rilievo definito a "paniere intrecciato", ispirata alle falde neu-ozier. Un sottile profilo in platino esalta la maestria della forma Vecchio Ginori. La Collezione Zucca prevede un assortimento completo tavola, tè e caffè.

Pure. Expression of noble beauty. In its simplicity, the Zucca Collection concentrates its charm in its monochromatic choice of pure white. The Vecchio Ginori shape, a Richard Ginori classic, takes up the raised "woven basket" motif inspired by the neu-ozier rims. A thin platinum edge enhances the mastery of the Vecchio Ginori shape. The Zucca Collection features a complete array of tableware as well as tea and coffee sets.

CURA DEL PRODOTTO PRODUCT CARE

Ogni manufatto Richard Ginori è realizzato impiegando Porcellana Feldspatica dura composta da Quarzo, Feldspato a Caolino, secondo tecniche produttive artigianali ed industriali elaborate in quasi trecento anni di storica produzione. L'intero processo si realizza dal primo fuoco alla decorazione, attraverso differenti cicli produttivi, al termine dei quali un attento controllo qualità ne certifica l'assoluta purezza e perfezione. L'attenzione al dettaglio è espressione di un know-how e di una maestria tramandati nel tempo dai maestri artigiani della Manifattura. Ogni manufatto Richard Ginori, sia decorato che realizzato in bianco è prodotto unico: ogni tonalità cromatica che si crea attraverso le differenti tecniche pittoriche, come nei prodotti dipinti e decorati o areografati a mano, è segno tangibile di una straordinaria artigianalità. Ciascun prodotto è un'essenza di storia, arte, e Made in Italy. Tutti i decori della collezioni tavola Richard Ginori sono testati e progettati per risultare conformi all'uso a contatto con alimenti secondo le normative internazionali. In particolare la migrazione di piombo e cadmio è analizzata per ciascun decoro secondo le norme UNI EN 1388, ISO 6486 e ASTM C738 e ASTM C927 e ai limiti di legge secondo le normative nazionali vigenti quali il Regolamento Europeo CE 1935/2004 e Direttiva Europea 2005/31/CE; il Japanese MHLW Migration Specification N.370 (2008 revision) ed il U.S. FDA Compliance Policy Guides Section 545.400 e 545.450. La resistenza alla lavastoviglie dei prodotti decorati Richard Ginori è valutata secondo la norma EN 12875-4. Per le decorazioni realizzate a mano e/o con metalli preziosi come oro e platino, si consiglia un lavaggio a mano con un detergente poco aggressivo. La resistenza al forno a microonde è valutata secondo la norma UNI EN 15284. Le collezioni realizzate con decorazioni che impiegano metalli, inclusi oro e platino, non possono essere usate nel forno a microonde. Inoltre, non trattandosi di prodotti specifici da forno, le porcellane Richard Ginori non devono essere utilizzate né nel forno tradizionale né a contatto con la fiamma diretta.

Every Richard Ginori product is created using pure porcelain composed of quartz, feldspar and china clay, incorporating artisanal and industrial production methods that have been developed over almost three hundred years. The entire process is carried out at the Sesto Fiorentino factory, from the first firing through to decoration. The different production cycles are followed by scrupulous quality control checks that certify the purity and perfection of each piece. Attention to detail is paramount, and is an expression of the know-how and expertise accumulated over time within the four walls of the factory.

Each Richard Ginori piece is unique. Every nuance of colour achieved through the different decorative techniques used – for example, as seen in the painted products that are decorated or airbrushed by hand – is an expression of exceptional artisanal skill. Every single creation produced by the Sesto Fiorentino factory is emblematic of the history, artistry and Italian craftsmanship that lie at the heart of Richard Ginori. All Richard Ginori decorations are tested and are designed to be suitable for use in contact with food in accordance with the most stringent international regulations. Lead and cadmium migration is analysed for each decoration in accordance with EN 1388, ISO 6486, ASTM C738 and ASTM C927 standards and the legal limits laid down by current Italian regulations, such as Regulation (EC) No. 1935/2004 and Commission Directive No. 2005/31/EC. Products also comply with the Japanese MHLW Migration Specification No. 370 (2008 revision) and the U.S. FDA Compliance Policy Guides 7117.06-7117.07.

The dishwasher resistance of Richard Ginori decorated products is assessed in accordance with standard EN 12875-4:2006. Most of the precious metals are not dishwasher-resistant. It is also recommended that products with pure gold decorations, although designed to withstand at least 500 dishwashing cycles, should be hand-washed with a gentle detergent. The resistance to microwave heating of Richard Ginori products is assessed in accordance with standard EN 15284:2007. Precious metals should not be heated in microwave ovens. Furthermore, not being specific products for oven use, Richard Ginori porcelain should not be used in either the oven or directly in contact with the flame.
